

Myself

My name is Anmoldeep Singh. I am 20 years old and have completed Secondary Education in India, for higher study I came to Canada. I am doing the Computer programming here. My college name is Seneca and it's a wonderful college. I am a hard-working student and use my problem as stepping stone in my lives. I have qualities like honesty, integrity and punctually student. I like working with the tech and its internally working to that how the system work so I have joined this program to learn more about the coding and web development
